EMPLOYMENT POLICIES

Statement of Equal Opportunity

Gloucester Stage Company is an equal opportunity employer and will not discriminate in recruiting, hiring, training, promotion, transfer, discharge, compensation or any other term or condition of employment on the basis of race, religion, color, age (over age 39), sex, national origin, or on the basis of disability if the employee can perform the essential functions of the job, with a reasonable accommodation if necessary. Any employee who is aware of discriminatory conduct or who has any concern about a possible violation of this policy should immediately report the conduct or concern to his or her supervisor, designated human resource personnel or any corporate officer.

Discrimination and Harassment

Gloucester Stage Company disapproves of and strictly prohibits comments or actions by anyone that may create an offensive or hostile work environment for any employee because of the employee's race, color, religion, age, sex, marital status, national origin, disability, ancestry, or medical condition. This policy extends not only to prohibiting unwelcome sexual advances and offensive sexual jokes, innuendos, or behaviors, but also prohibits offensive conduct related to or based upon factors other than sex.

Employees who believe they are victims of harassment or who are aware of harassment should immediately report the situation to a supervisor, the director of human resources, a designated human resources representative or any manager or corporate officer. An employee who thinks he or she is a victim of harassment may discuss the offensive conduct with the offender(s) before reporting it to management, but is not required to do so.

Gloucester Stage Company will promptly investigate complaints or reports of harassment. The investigation will be conducted, and complaints will be handled in a confidential manner to the extent realistically feasible. When warranted by the investigation, Gloucester Stage Company will take immediate and appropriate corrective action. Such action may include disciplinary action against the offender(s), which may range up to and include dismissal, depending on the severity of the conduct as assessed by Gloucester Stage Company.

No retaliation will be permitted against an employee who registers a complaint or reports a harassment incident, or against any employee who provides testimony as a witness or who otherwise provides assistance to any complaining or reporting employee, or who provides assistance to Gloucester Stage Company in connection with the investigation of any complaint or report.

After Gloucester Stage Company has taken appropriate corrective action to resolve a complaint or report of harassment, Gloucester Stage Company will make follow-up inquiries after an appropriate interval to insure that the harassment has not resumed and retaliation has not been suffered. However, victims and witnesses are not required to wait for follow-up. If harassment

resumes or retaliation occurs, the victim or witness is encouraged to contact an appropriate Gloucester Stage Company supervisor, human resources representative, officer or other company manager immediately so Gloucester Stage Company may promptly and effectively act.

Immigration Law Compliance

Gloucester Stage Company is required by federal immigration laws to verify the identity and work authorization of all new employees. In keeping with the obligation, documentation that shows each person's identity and legal authority to work must be inspected. Each new employee must also attest to his/her identity and legal authority to work on an I-9 Form provided by the federal government. This verification must be completed as soon as possible after an offer of employment is made and in no event more than three (3) business days after an individual is hired and before the individual begins work. A copy of this form will be provided to you for your completion. All offers of employment with Gloucester Stage Company are conditioned upon furnishing evidence of identity and legal authority to work in the United States in compliance with the federal law. Providing falsified documents of identity and eligibility to work in the United States will result in cancellation of your consideration for employment or dismissal if employed. Every rehired employee must also satisfy this requirement. It is the employee's responsibility to ensure that the work authorization on file is current. The Department of Homeland Security recommendation is to apply for renewed authorization a minimum of ninety (90) days in advance of expiration. Inability to provide renewed authorization on or prior to the expiration date of the original document will result in the employee's immediate termination.

Drug-Free Workplace

Gloucester Stage Company is committed to providing a work environment that is free from alcohol and illegal drugs, and prescription or over-the-counter drugs that impair the performance of essential job functions or increase risk of injury, death, or property loss. The costs of alcohol and drug abuse are staggering and are manifested by accidents, tardiness, absenteeism, property damage, increased occupational injury costs, increased health insurance costs, decreased productivity, the cost of replacing and retraining new employees, and employee theft. In an effort to minimize the effects of alcohol and drugs in the workplace, Gloucester Stage Company has adopted the following policy.

- A. The following are prohibited:
 - i. Purchase, use, possession, distribution or being under the influence of alcohol on Gloucester Stage Company or client property, during working hours or at any time while on Gloucester Stage Company business.
 - ii. Purchase, sale, possession, use, manufacture, distribution or being under the influence of any illegal drug at any time during your employment by Gloucester Stage Company; or

- iv. Purchase, sale, use, distribution or possession, during working hours or while on company business, of any drug paraphernalia, including, but not limited to, any tools, equipment, supplies or materials used, designed or intended for the illegal or improper use of any drug.

Reporting to or being at work with a measurable quantity of any alcohol, drug, intoxicant or narcotic in the blood or urine (except for any prescribed or over-the-counter drug of the type and at a level determined in the sole opinion of Gloucester Stage Company or its designee as neither interfering with performance of essential job functions nor increasing the risk of injury, death or property loss of you or others).

B. Any employee of Gloucester Stage Company who at any time during his or her employment with Gloucester Stage Company is charged with, or convicted of, violating any law, the basis of which violation in any way involves the use or being under the influence of alcohol or any drug shall immediately report the charge or conviction to his or her immediate supervisor or any company official and in all cases, no later than the beginning of the next work day.

Violation of any part of this policy (or any charge or conviction described in “B”) may result in disciplinary action, up to and including termination of employment.

Smoking

Smoking is only permitted in those places and at those times designated by Gloucester Stage Company. Do not smoke near any area where flammable or combustible materials, such as solvents, are used or stored. Other rules regarding smoking may apply depending on your work location. If you have any questions, ask your supervisor.

Confidentiality of Information

Confidential information of Gloucester Stage Company, of any nature and in any form whatsoever, including, but not limited to, all data or information that is competitively sensitive or is not generally known or available to the public, client lists and files, and personnel records and data, shall be kept confidential and private and shall not be removed from Gloucester Stage Company premises without prior written authorization of Gloucester Stage Company. Such confidential information shall only be used for the benefit of Gloucester Stage Company and its interests.

Employee Investigations

Gloucester Stage Company recognizes the importance of employees who are honest, trustworthy, qualified, and reliable. For purposes of furthering these concerns and interests, before hiring an individual, Gloucester Stage Company reserves the right to investigate the individual's prior employment history, personal and/or business references, educational background, and or other relevant information that is reasonably available. In hiring for certain positions, Gloucester Stage Company may review an applicant's credit report and criminal background, if any. Consistent

with these practices, all job applicants will be asked to sign a Release of Information Authorization, which will include a release of liability for disclosure of information by a third party. To the extent permitted by law, Gloucester Stage Company reserves the right to exclude any applicant from consideration for employment, where the applicant refuses to sign the Release of Information Authorization form as requested.

In addition, Gloucester Stage Company may find it necessary from time-to-time to investigate current employees, where behavior or other relevant circumstances raise legitimate questions concerning work performance, reliability, honesty, trustworthiness, or potential threat to the safety of co-employees or others. Where appropriate, these investigations may include credit reports and criminal records, including appropriate inquiries about any criminal investigation or arrest that is pending further proceedings. Employees subject to such investigations are required to reasonably cooperate with Gloucester Stage Company to obtain relevant information, and may be subject to disciplinary action, up to and including termination, for failure to do so.

All employees are strongly encouraged to immediately report any incidents of potentially threatening, harmful, or criminal behavior of co-employees, supervisors, customers, clients, vendors, or visitors.

- c. Possession, use or display of a weapon on company premises or while on company business.

Any employee violating this policy will be subject to disciplinary action, up to and including termination of employment.

Safety Policy

Gloucester Stage Company wants every employee to enjoy a safe workplace. Employees must comply with all safety rules and policies (and rules and policies of clients when on client premises) and all requirements of OSHA- the Occupational Safety and Health Act.

In accordance with applicable law, Gloucester Stage Company has established a safety committee to constitute and have such duties as defined by applicable state law. Employee members of the safety committee will be paid for their time while attending committee meetings or while otherwise engaged in committee duties. Employees must comply with the injury prevention program adopted by the safety committee.

Please observe Gloucester Stage Company safety rules in every phase of your work, with particular emphasis on proper lifting techniques when handling heavy objects. You are required to participate in the safety effort of Gloucester Stage Company by working safely and attending safety sessions when offered. Incidents involving personnel are reviewed on a regular basis to identify safety hazards. If you should have an incident or injury or observe an unsafe condition, report it to your supervisor immediately, no matter how insignificant it may seem. Your particular job requirements may include additional specific safety guidelines, which you are required to observe and practice with no exceptions. You will not be subject to reprisal or retaliation for reporting unsafe conditions to management or outside enforcement authorities.

The following guidelines have been established as a part of Gloucester Stage Company's safety policy:

- The safe way is the right way to do each job. Shortcuts are not the way.
- Know your job procedures. If in doubt, ask your supervisor.
- Operate equipment only as authorized and with all safety guards in place.
- Report unsafe acts to your supervisor before someone is injured.
- Report unsafe conditions immediately to your supervisor.
- Report unsafe equipment to your supervisor right away. Do not attempt repairs no matter how skilled you feel you are.
- Report any incident right away (**even if no injury**) to your supervisor.
- At the scene of an incident, be helpful, courteous, and avoid argument or discussion of the situation. Get your supervisor immediately (documenting conditions helps us help you).

- Follow guidelines for health in the prevention of communicable diseases. These guidelines are for your health and safety and those with whom you work.
- Warning signs help you prevent incidents. Obey them! Remind others, too.
- If using chemicals, read labels carefully to follow safety warnings, mixing instructions, etc.
- Horseplay is NOT allowed. Practical jokes can cause serious injury.
- You are required to observe all safety notices posted and any specific safety requirements for your particular job.
- Violent acts in the workplace, including threats and intimidation are NOT allowed. This includes all threats, verbal or physical. Any such occurrences should be immediately reported to management.

Reporting Injuries

To ensure that proper attention is given and appropriate action taken when an injury occurs within the workplace, please follow these procedures:

1. Report the injury to your on-site supervisor immediately. If your supervisor is not immediately available, report to the manager or other authorized person. Seek or obtain medical attention if required.
2. Report the injury to your Gloucester Stage Company supervisor and/or designated human resources representative within 24 hours, or as soon as practical. Worker's Compensation laws require the processing of claims within reasonable time frames. All injuries/accidents MUST be reported promptly for claim submission.
3. If you are involved in or are a witness to an incident, you should provide information in order for the appropriate report to be completed. Please be aware of the importance of immediate action in recording all details of the incident.

Incident Reports

An incident report must be filled out and signed by any employees who witness an incident or injury immediately following the occurrence. Failure to do so may result in disciplinary action. This policy is important to the safety and well being of all our employees.

Hazardous Chemicals

Introduction

OSHA developed the hazard communication standard with the goal of reducing the chance of chemically caused illnesses and injuries to workers by providing you, as an employee, with information regarding the hazards or chemicals you may be exposed to in your work. The standard requires that we have a written hazard communication program, which includes information on container labeling, Material Safety Data Sheets (MSDS), and an employee-training program.

Although the standard uses the word "Hazardous" to describe the chemicals in question, it also includes items we use everyday that many of you would not consider hazardous such as: motor oil, coolants, paint, solvents, and glues. These items are commonly used, sometimes daily, and rarely with any problems. However, they should be treated as hazardous chemicals. Knowing more about chemicals we use will make you aware of potential problems and help reduce or eliminate health and safety problems when you use these chemicals.

There are three areas you should be familiar with about chemical products to which you may be exposed:

- Container Labeling
- Listing of Chemical Products in Use
- Material Safety Data Sheets (MSDS)

Container Labeling

Chemical containers cannot be shipped from the manufacturers or distributors unless they are properly labeled with the identity of the chemical. The label should tell you what chemical is in the container, what hazard that chemical may present and name and address of the manufacturer.

Labels should not be defaced or removed and no chemical shipments should be accepted, even on a trial basis, without the proper label.

When transferring chemicals from large containers to a smaller container a label should be applied to the new container, unless the product is to be immediately and completely used by the person who transferred the chemical, and he or she knows the new container's content and that the transfer to the new container is appropriate.

The basic purpose of labeling requirements are to give an immediate warning of the chemical inside the container and to remind you that more detailed information is available from Material Safety Data Sheets. If a chemical container has no label, immediately inform your supervisor so that the contents can be labeled appropriately. Do not use the contents of any container that does not have a label.

Chemical Product List

Each jobsite and office location has a list of chemical products used in our company's operation. This list is alphabetized by product name and also by manufacturer's name. Should you have questions on any of the chemicals on this list, you can request a copy of the Material Data Safety Sheet for your information. Make your request through your supervisor.

Material Safety Data Sheets (MSDS)

These are technical bulletins prepared by companies who make chemicals. They should contain the following information:

- The identity of the chemical, including the chemical and common names.
- Physical and chemical characteristics of the chemical.
- Known acute and chronic health effects and related health information on the chemical.
- Exposure limit.
- Whether chemical is considered carcinogenic.
- Precaution measures to take when using the product.
- Name and address of the person who prepared the information.
- Emergency and first aid procedures.

The safe use of chemicals depends on:

- Recognizing the hazard: Know the product you are using, read the MSDS, become familiar with precautions to be taken, and heed warnings by the manufacturer. Use only in accordance with label instructions.
- Evaluating your use: Look at yourself and what you are trying to accomplish with the chemical.
- Controlling your exposure: Personal protection should be used as recommended, proper ventilation is required, and follow appropriate storage requirements.

Always consider these three elements when working with any chemicals.

Chemical Exposure

The MSDS should provide information on chemical exposure threshold limits and routes of entry, as these terms are described below.

Threshold limits - How much of a product you can be exposed to without it being hazardous. Example: fumes from solvents, adhesives, welding, etc. A small amount of fumes inhaled over a short period of time may or may not affect you. A small amount breathed continually for 8 hours a day or a 40-hour week will increase the overall dose and could have ill effects. On the other hand, a large amount of fumes for a few minutes may be irritating and may or may not have lasting effects.

Routes of entry - How chemicals get into our system: inhalation (breathing fumes or vapors), absorption (through skin pores after handling or getting on clothing), ingestion (swallowing or eating). Though you would not think of eating a chemical product, if you eat lunch, a snack at break time, or smoke a cigarette without washing your hands, you may be eating the chemical that is on your hands.

Types of Chemicals - Some examples and how they can affect us:

- Corrosives - Such as battery acid and sulfuric acid, corrode or eat away at metals and steel and can do the same to your hands and face.
- Irritants – Such as solvents, do as they say, they irritate the skin or membranes and can cause a rash or dermatitis.
- Sensitizers – Such as epoxy and lacquers, affect the nervous system, coordination, muscle control, and thinking (brain).
- Toxins – Such as carbon monoxide, enter the blood stream and are carried to the brain and nervous system. In excessive amounts, will shut them down.
- Carcinogens – Such as asbestos fibers, are proven cancer causing to lungs and cell tissue.

Conclusion

Hazard communication is common sense thinking about what you are doing, informing yourself, preparing for the task, and taking the necessary precautions. What you do not know **CAN HURT YOU**. By knowing, checking the MSDS, evaluating your use, and controlling your exposure you can make chemical products work for you successfully and safely.

During Work Activities

You must observe and comply with the following:

1. Use CAUTION when lifting any item. A two-person team must handle packaged or heavy items. Lifting heavy items requires a two-person lift. Remember, lift with your legs, not your back! Use assistive equipment, such as a dolly, when transporting heavy objects. If in doubt, consult your supervisor.
2. Do not use any existing or new equipment that you have not been trained to use.
3. Observe all safety precautions and/or manufacturer's specifications prescribed for use of equipment. Always consult your supervisor if in doubt.
4. All material handling will be in accordance with manufacturer's specifications for loading, unloading, and moving. Materials stacking shall not exceed authorized heights as prescribed by management, and no unbanded or non-interlocking materials may be stacked higher than can be safely reached while standing on the ground.

5. No off-duty employee may perform any activities, of any nature, on the employer's premises or with the employer's equipment or goods.

Fire Emergency Procedures

The most frequent causes of fires are chemicals, grease, and careless smoking. In these conditions, a major fire can be only three minutes away from the "flashover" It is vital that you utilize the three major tactics: **RESCUE, CONFINE, AND ALERT!**

- First, **RESCUE** anyone in the immediate path of a fire.
- Second, **CONFINE** the fire. Shut doors and/or windows in the room or area where the fire is erupting. This will keep it from spreading into other areas, etc.
- Third, **ALERT**. Utilize your fire alarm system to tell the fire department about the fire.

After you have completed the above steps, only then can you consider fighting the fire. Make sure you use the correct extinguisher for the type of fire that you are fighting. Do not place your safety in jeopardy. If you cannot **RESCUE, CONFINE** or **ALERT** without unreasonable danger or risk, then don't!

EMPLOYEE RESPONSIBILITIES

Hours of Work Schedule

The hours of your scheduled work shift will largely be determined by the operational needs of the department in which you are assigned. Some departments will have regular schedules, which rarely change from week to week, and other departments will have schedules that vary to meet the needs of the department or Gloucester Stage Company. If an employee has a specific schedule request, efforts may be made to accommodate that request, taking into account the operational needs of the department or Gloucester Stage Company as a whole. However, in all events, work schedule and schedule changes are determined at the sole discretion of the Gloucester Stage Company.

Every employee is responsible for knowing and following his or her work schedule, including, but not limited to, reading the schedule and schedule updates or changes, knowing start and end times or workdays, shifts, and breaks, complying with such times, and knowing when meetings are and attending such meetings on time. It is your responsibility to, if applicable, clock in and out at the designated times on your schedule. Any desired schedule changes must receive prior approval from your supervisor.

Attendance and Punctuality

When you accept a position with Gloucester Stage Company you assume obligations. One of those obligations is to perform the duties of your position during the times specified. You are expected to be punctual and keep absences to a minimum. Failure to report, unjustified or excessive absence or tardiness may result in discipline, up to and including discharge from employment. Additionally, punctuality and attendance are factors that may be taken into account when determining promotions, salary increases and qualification for other benefits.

Absenteeism

Definition of Absence: Absence is any time (other than tardiness described below) that you are scheduled to work and you fail to be present at the designated work location for all of the scheduled time or shift or if you fail to report to your workstation more than 15 minutes late. It includes time off for sickness, but does not include pre-approved time off for vacation, or leaves of absence, or for designated holidays when you are not scheduled to work.

Reporting Procedure: In case of an absence, you must first notify your supervisor, department manager or facility manager. Notification must be given each day you do not report to work at least one (1) hour prior to the beginning of your scheduled shift. If you must be absent after you report to work, notification must be given when you first learn that you must leave work, but (except in an emergency) no later than one hour before you must leave work. It is your responsibility to personally make the contact unless you are physically unable to do so, in which

case, you should have someone else make the contact for you. You must give the reason for your absence and the expected date of your return.

One or more unreported or unjustified absences within any 12-month period may result in disciplinary action, (up to and including termination of employment). If you are absent for 2 consecutive days without reporting to work or contacting your supervisor, you will be considered to have voluntarily resigned without notice at the end of the third day and your position may be filled.

Note: If you can provide an acceptable explanation, this policy may not apply. Such explanation may require substantiation and/or verification from sources other than you.

Excessive Absenteeism: Even if an absence is reported, you may be subject to disciplinary action (up to and including termination of employment) if you miss work too often. Examples of excessive absenteeism include, but are not limited to:

- a. Twelve full or partial days absent, consecutive or not, in any 12-month period.
- b. Three full or partial days absent, consecutive or not, in a 30-day period.
- c. Five full or partial days absent, consecutive or not, in any 6-month period.

Gloucester Stage Company, in its sole discretion, will determine excessive absenteeism. Unless determined by Gloucester Stage Company to be an abuse, time off for medical/dental appointments, school activities (for you or your children), or other personal business will not be counted as excessive absenteeism if your supervisor approves it at least three business days in advance. However, this time off will be documented as an absence.

Tardiness

Definition of Tardiness: You are tardy any time you arrive at your workstation, or are not appropriately groomed, dressed and ready to work, at the beginning of your scheduled shift. Tardiness also includes returning late from breaks or meal periods. If you are more than 15 minutes late, it will be considered an absence.

Reporting Procedure: If you must be late for work, it is your responsibility to personally contact your supervisor at least one (1) hour prior to the beginning of your scheduled work shift unless you are physically unable to do so. If you cannot call, have someone call for you. Failure to report your tardiness will count toward excessive absenteeism or excessive tardiness, as the case may be.

Excessive Tardiness: Even if tardiness is reported, excessive tardiness will result in disciplinary action, up to and including termination. Examples of excessive tardiness include, but are not limited to:

- a. Any tardiness on any three days in any 30-day period.
- b. Any tardiness on any five days in any 3-month period.
- c. Any tardiness on any twelve days in any 12-month period.
